Anniversary Supper Well Attended

More than 150 persons attended St. Pauls United Church 63rd anniversary supper held in the Church hall April 12, served by the U.C.W. ladies.

Speaker for the occasion was John MacDonald, formerly of Coleman, and now of Medicine Hat, who was introduced by Stu Murdoch. Mr. MacDonald gave an inspiring talk on the effects of change in Science and Religion today.

The gathering retired to the Church sanctuary where Minister Peter Walker called on Fred Smith of Blairmore to lead a sing-song. Piano solos were rendered by Miss Ann Rowbotham and Susan MacLeod followed by spiritual numbers sung by the Church Senior Choir.

Magician Art Williams of Blair-

more gave a brilliant demonstration of sleight of hand. Coffee and cake were served and the next hour was spent reminiscing.

Sunday morning church services were preached by John MacDonald, who spoke on "Risk of Being a Christian in a Chaotic World". The talk was directed at present-day youth. Organist for the service was Stu Murdoch, accompanied by violinist Ivan Gushul.

Present for the supper and the church services were friends from Calgary, Lethbridge, Medicine Hat and all of the Crows Nest Pass towns.

Mark 25th Anniversary

Mr. and Mrs. Earl Schmidt marked the occasion of their 25th wedding anniversary April 22nd at a family supper held at their Coleman home.

Mr. and Mrs. Schmidt were married in Edmonton on April 22nd, 1947, where Mr. Schmidt operated a construction business until he came to Coleman two years ago and took over management and ownership of the Grand Union Hotel. Mrs. Schmidt operates Red's Coffee Bar in Coleman. The couple have two sons, Terry in Coleman and Lynn in Edmonton, and one daughter Shelley at home.

'Flowers of Hope' Campaign May 14

The annual "Flowers of Hope" house to house campaign date has been set for May 14th and workers have been preparing and packaging the flowers of hope seeds to be sent out in the mails on May 7th.

The group working in the music room of the Isabelle Sellon school recently prepared over 4500 bags of seeds that will be enveloped at another session to be held before mailing date. Proceeds from the campaign are to be used by the Association in their work with children.

Hospital Operates On Deficit

The Crowsnest Pass Municipal Hospital Board at its April meeting learned from chartered accountant Alex Wells that the hospital during 1968 showed a \$21,000 deficit.

The report indicated this was due to increased salaries, increased depreciation on all new equipment and a general increase in cost of all supplies.

Hospital administrator Ernie Luini, was instructed by the board to contact Deputy Minister of Health J. D. Campbell to discuss the feasibility of building an auxiliary wing (chronic wing) on the local hospital.

The board approved the medical records technician attending a short course in Edmonton this

summer and one person from the house-keeping staff, the maintenance staff and the dietary department will also attend short courses at the Institute of Technology in Calgary at various periods during the coming year.

The revised medical staff by-laws as approved by the medical staff and hospital board are to be forwarded to the minister of health for final approval.

All salaries at the hospital are still presently under negotiation.

University Male Chorus To Appear May 2nd

Blairmore Lions Club will sponsor the University Male Chorus in a concert to be held in the auditorium of the Isabelle Sellon School at 8:15 p.m. Friday, May 2.

The chorus, formed eight years ago on the campus of the U. of A., has presented concerts in the three western provinces and the Yukon and North-West Territories, and has made numerous appearances on television.

Members of the chorus are drawn from a wide variety of faculties and schools at the University. This year's Spring tour climaxes the busiest season in the history of the chorus. No less than 30 public appearances have been presented in the capital city and surrounding centres since the beginning of the current academic year in September, 1968.

Director of the chorus is Professor Ron Stephens, who is directly responsible for the success of the chorus for the past two years. He is founder director of the Edmonton Centennial Singers, a past president of the Alberta Music Educators Association and a

former member of the National Executive of the Canadian Music Educators Association.

A native Albertan, Mr. Stephens completed his Bachelor of Arts and Education degrees at the U. of A. and holds a Master of Music degree from the University of Oregon.

Accompanist for the group is Millard Foster, a student now completing his Education (music) degree at the U. of A.

He is a well qualified director in his own right, having guided the Royal Alexandra Nurses' Chorus to its most successful season in Edmonton, while doing double duty as accompanist for the Male Chorus.

A talented musician, Mr. Foster is a graduate of the Royal Conservatory of Music in piano, organ and voice and has studied choral technique under Fred Waring in Pennsylvania.

K.C. To Hold Annual Picnic

St. Joseph the Worker Council Knights of Columbus at its monthly meeting April 20th added approval to the group again sponsoring a summer-time picnic for all of the Crows Nest Pass parish families. John Sikora of Coleman, was appointed to look into place and time for the event.

A nominating committee comprising Morden McNeil of Hillcrest, John Lloyd and Francis Cantorio of Blairmore, John Binda and Joe Brown of Coleman, will bring in a tentative slate of officers for installation at the June meeting.

John Albizzati reported that the district hospital held in Blairmore arena recently, hosted by the local Council, was very successful.

Arnold Habeler announced that June 13th was the date set for the Knights of Columbus bingo night to raise funds for the Crows Nest Pass Swimming Pool project. The event will feature a \$1,000 prize in money with \$500 being the first prize and ten \$50 bingos.

Place for the event will be announced when completed.

Donation Accepted

William (Bill) White of Bellevue, vice-chairman of the Crows Nest Pass Municipal Hospital Board, accepted a cheque for the sum of \$300 from Pauline Rehbein, secretary of the Calgary - Crows Nest Pass Club.

Mary Bond, of the club, and also from Calgary, was present. The money was used for the purchase of a fibre optic light supply cystoscope for the local hospital.

The Crows Nest Pass Club in Calgary is made up of former residents of the Crows Nest Pass towns who held a giant reunion in the city once a year. Last year's event was attended by over 700 former and present residents of the Pass. This year's function is scheduled for June 7th. Money for the donation was raised by the group through their various functions.

P. C.'s To Meet May 3rd

A meeting of the Rocky Mountain Constituency Progressive Conservative Association has been called for May 3rd. Frank Lynch-Staunton, president of the association, announced.

Mr. Lynch-Staunton, a Lundbreck rancher, said the association is striving to put together a well co-ordinated organization in preparation for the next federal election.

We were unable to function efficiently in a brand new constituency we didn't get time to know the last time around, he said.

Robert Thompson, C.M.P., Red Deer, and Eldon Woolliams, C.M.P., Calgary, North, will be featured speakers at the meeting.

Major aim of the May meeting will be to adopt a constitution and elect a new slate of officers. The meeting will be held at the Rimrock Hotel in Banff.

Registration forms and literature have been distributed throughout the constituency and anyone interested in attending the meeting is asked to contact registration chairman, Mrs. Marion Gundry at Box 355, Banff.

C.W.L. Hear Panel April 20

"Youth and the Generation Gap" was the topic of discussion by a panel at the C.W.L. Regional Conference of the Blairmore Deanery held in the Coleman Catholic hall April 20th.

Members of the panel included Mrs. J. Helen Yanota, Mrs. Margaret Sekella, Sister Rita Chaisson and Recreation Director Arnold Habeler. Moderator was John Porco, director of the Family Life Bureau, of the Crows Nest Pass - Pincher Creek area.

Over 35 members from Pincher Creek and the Crows Nest Pass participated in a lively discussion period that followed. Ladies of the Blairmore C.W.L. provided lunch and winner of the door prize was Mrs. Eric Price of Blairmore.

Minor Hockey Banquet Well Attended

Max Gibb of Lethbridge, Southern Area Recreational Consultant to the Department of Youth, was speaker to more than 130 parents and youths at the Coleman Minor Hockey banquet held in the Elks hall.

Mr. Gibb spoke on the basic organization of the Crows Nest Recreation Board, its functions and design and how it was set up to serve the public of the area.

Mr. Gibb also spoke on the value of being a good sport and school student. He also encouraged the parents to take an active part in the promotion of sport and recreation for youth.

Chairman of the event was Peter Walker, who called on several of the hockey players to receive the annual trophies.

A vote of thanks was moved by the gathering to retiring president Peter Walker, treasurer Jack Root and secretary Mrs. Pearl Schlender.

The new officers to take over duties next fall include president, Doug Skinner; treasurer, Mel Taje, and secretary, Mrs. Alvina Pavlis.

Recreation News

The Joint Use Agreement for the Joint Use and Development of Recreation Facilities was officially signed by all participating parties of the Recreation Board in December of 1968. As of January 1, 1969, I then became administrator of the agreement on behalf of the Joint Use Committee of the Board.

The Crows Nest Pass Recreation Board was instrumental through this agreement in establishing the most liberal approach towards use of facilities, of any locality in Alberta. At present this agreement is being used as a model in assisting other localities in the drafting of their agreement.

Procedure of leasing facilities is as follows—

- 1—Call the Recreation Office with application in writing for use of School Facilities.
- 2—Date is cleared by the Recreation Office—who will refer to their calendar of events—date is also cleared with principal involved.
- 3—Lease is filled out by the Lessee at the Recreation Office and is signed by the Recreation Director on behalf of the Joint Use Committee and the Lessee also signs the lease.
- 4—The Lessee then takes two (2) copies of the Lease to the School Board office. The Lease is then signed by the secretary-treasurer on behalf of the School Board. (Responsibility for collecting rent lies with the secretary-treasurer in close consultation with the Recreation Director).
- 5—Upon signing the Lease the school secretary - treasurer then notifies the principal and janitor in writing of the School Facility being leased.

The Joint Use Agreement also provides now, for greater use of school buses throughout the area—but more on that next week.

Lions Sponsor "March For Swimming Pool"

Coleman Lions will sponsor a "March for Swimming Pool" project in aid of raising funds for a Crows Nest Pass Swimming Pool.

The March will take place June 1st and will be for a distance of 24 miles from Cowley West to Coleman. Check and refreshment points are to be set up every two miles and it is expected that hundreds of marchers, both young and old, will get into the swing of things and jog along to raise funds for a much-needed swimming pool for the Pass.

The Board of Trustees of the Crows Nest Pass School Division have been contacted with regard to providing buses to transport the marchers to the Cowley starting point.

The Satellite Cafe in Coleman has made a \$100 donation for a draw that will be made among the participating contestants of the March.

Each marcher will be given a numbered card and draw will be made when all money from the March has been turned in to the designated collection agency. Other businesses or groups wishing to contribute or top this donation, should contact Fred MacLeod of the Coleman Lions.

A car pool is being organized for adults taking part in the March and groups or organizations wishing to volunteer services should contact the Pass Pool Project committee.

\$400 Quota Is Exceeded

The Red Cross Campaign Chairman Mrs. E. Aiello, reports a total of \$404.00 was collected during the recent campaign for funds.

The Catholic Women's League of Coleman, who sponsored the drive would like to thank all of the canvassers who gave so willingly of their time, as well as the citizens of the area who donated so generously to the fund.

Minerva Chapter O.E.S., Hold Spring Tea

Minerva Chapter No. 41, O.E.S., held a successful Spring Tea and Bake Sale on Saturday, April 19.

The lucky number draw for an oil painting (the art work of Mrs. J. Owen) was won by Mrs. W. Wilson, and the door prize was won by Mrs. H. McEwen. Worthy Matron Mrs. V. Martinez and members wish to thank all who supported their tea in any way.

A New Potato Variety

The Canada Department of Agriculture has licensed a new potato variety, York, which was developed by the Department's Research Branch.

York is a high-quality potato, especially adapted for growing on organic (muck or peat) soils. It may replace the two main varieties now grown on muck soil, Sebago and Ontario.

Baseball On The Move In Crowsnest Pass

At their annual meeting last Sunday the Crows Nest Pass Minor Baseball Association elected their new slate of officers.

Searle Hornby was elected president, with Sam Marra posted to the vice-president's position. Catherine Haslam was elected to the position of secretary-treasurer.

The Board of Directors was also elected and these positions were filled by:

D. Haslam and Doug Skinner from Coleman, Father Jim Hagel and Sam Goodman from Blairmore, Roy Paton and Danny Funder from Bellevue, along with Della Wallinder from Hillcrest.

The registration of players was handed out and a considerably marked increase in membership was noted. This was especially noticed in the complete new registration of girls.

Girls' fastball was discussed and the meeting was informed that Sam Marra along with Della Wallinder and Beverly Johnson would be organizing a junior league to include teams from Junior and Senior High School. The Minor Baseball Association decided to accept complete responsibility for Minor Fastball at the elementary school level.

Ball fields were also discussed and the meeting was informed by the Recreation Director that he had received permission from the School Board to proceed with construction of new diamonds. Two backstops will be going up on the Isabelle Sellon High School Recreation Complex as well as two on the M. D. McEachern grounds. Materials had been reported as being ordered.

Teams were organized and it was decided to go ahead with the formation of a league as they had done last year. The league would include the Pass, Pincher Creek, Hillspring, Fort Macleod, Lundbreck and Glenwood.

Blood Clinic Is Successful

Twenty time donor certificates were presented by Ken McGregor, business administrator of the Red Cross Blood Transfusion Service, to Aldo Vanoni and John Koch, both of Blairmore, during the clinic held in the Elks hall in Blairmore on April 16th.

Mr. McGregor congratulated both men on their generous donations, stating that money could not buy the gift they gave. Quota for the canvass was set at 160 bottles of blood, and 156 were collected.

Mrs. Anna Fabro, Crows Nest Pass chairman for the Red Cross Clinics, stated that during the 200 bottles of blood had been provided by the Red Cross to the Crows Nest Pass Municipal Hospital and 146 were collected during the clinic the same year.

Mrs. Fabro expressed thanks to the Ladies' Auxiliary to the hospital, the local chapter of the AARN, the Elks Lodge, the OORP, ladies who assisted with the clinic and the high school boys who loaded and unloaded the Red Cross trucks.

Upholstery Business Opens In Coleman

The L & M Upholstery business, formerly of Blairmore, have moved to Coleman and announce that they are now ready for business in the building formerly occupied by Kwasney's Dry Goods Store on Main St., Coleman. Call in and see their samples, many to choose from. Free estimates on all work.

Girl Guards Notes

Under the leadership of Mrs. E. Amell, members of the girls' forest guards hiked to P. Burns Creek during the Easter holidays. The girls covered approximately six miles.

A successful Pie Social and Candy Sale was held on April 26. We wish to thank all who supported it in any way. The Lamb cake, donated by Mrs. J. Kubic for a lucky number draw, was won by Lorraine Robertson.

At present the Girl Guards are taking a radio operators course instructed by Larry Nelson, Junior Forest Warden instructor.

K.C. Cash Bingo Saturday, May 13th \$1,000 Prizes

St. Joseph the Worker Council Knights of Columbus at a meeting April 16th, finalized plans for the \$1,000 cash bingo night to raise funds for the Crows Nest Pass Swimming Pool campaign.

Date for the bingo night has been set for Friday, June 13th and will be held in a central Pass location. The evening of bingo will feature a \$500 cash blackout bingo and 10 other \$50 cash prizes.

Admission fee has been set at \$3 for the master card and one dollar for each extra card after a master card has been purchased.

Aid Classes

Mrs. Sylvia Braithwaite of Blairmore, president of the Foothills Association for Retarded Children, and Mrs. Mary Rowbotham of Coleman, chairman of the Flowers of Hope campaign, presented William Ede, the superintendent of schools in the Crows Nest School Division, with a cheque for the sum of \$500.

The money was raised during last year's Flowers of Hope campaign and will be used by the school division to purchase tape recorders for use in the special education classes in the division schools.

THE COLEMAN JOURNAL

Published Every Second Wednesday at Coleman, Alberta
Authorized as Second Class Mail by the Post Office Department at Ottawa.
REGISTRATION No. 1322 - T. HOLSTEAD, Publisher
Member of Alberta Weekly Newspapers Association
Subscription Rates \$2.50 per year—Foreign \$3.00 per year—Single 10c"National Forest
Week"
May 4 to 10

The observance of National Forest Week provides an opportunity for each and every Canadian to realize his personal responsibility in helping to protect our forest heritage. If we are to reap in full the benefits that our forest resources offer, we must have the greatest possible cooperation between governments, industries, the forestry profession, and the public. Of these the last-mentioned is the most important because it is the people who are the ultimate owners of most of our forests and it is the people at large who are the ultimate gainers or losers according as to whether our forests are well or badly managed.

On the other hand, active popular interest in forest welfare and the behavior of the people in the forest are now and always will be major factors governing the progress we can make.

Providing forestry information to the public in suitable and effective form is now, and has been in the past, the particular function of the Prairie Provinces Forestry Association, a non-profit public service organization. Our Tree Planting Car has brought knowledge of trees and the value of tree planting to thousands of families in the Prairie Provinces; our sponsorship of the tree farm movement is becoming a strong influence in encouraging the owners of small and large forest properties to improve forest management and thus qualify for recognition; our conservation programs throughout the forested regions have helped to bring about public awareness of personal responsibility in forest prevention; our conservation classes in the schools and the publications we distribute have been almost the sole source of forestry information to a great many Canadians whose lives are passed in our cities and towns.

Nevertheless, one does not have to resort to formal public opinion polls to determine very quickly that there are thousands and thousands of people with little or no appreciation of what the forests mean to them and to their fellow citizens. It is quite obvious, however, that the future of the forest must be ensured and guaranteed in the national interest.

The fact is that the forests of Canada must be increasingly well-managed over the years ahead. The reasons for this are self-evident. It is estimated that the population of the world will increase by 100 million this year; the last 50 years it has risen by one billion three hundred million. Forest lands have NOT been expanding—in fact, they are being steadily pushed back by the agricultural and industrial development of our age. Thousands of acres on which something grows are giving way each year to airports, factories, housing, reservoirs, highways and urban developments. We cannot, nor would we wish to, fight the requirements of a progressive economy. But this land is lost forever. The "megalopolis", as they call the city that stretches and expands until one city runs into another, is eating away at our outdoor heritage.

Multiple use is the only policy that makes sense for the future. Multiple use aims at serving all national and local interests to the greatest extent practicable.

It means joint use of forests for recreation, leisure, spiritual refreshment—hunting, fishing, picnicking, camping, hiking, skiing, watershed control and the wood consuming industries.

There is increasing need for co-operation among all private and public interests. The public interest has everything to gain from prosperous forest industries. People have rights, but also responsibilities in the forests. There are a great many who seem to ignore even the most elementary rules of forest behavior—rules essential to prevent fires, rules to prevent personal injury and damage, rules to sustain fish and wildlife, and rules of elementary good house-keeping that are just as essential in the forest as they are in our homes and communities.

As more people use the forests, the need for a well-informed and co-operative public will grow, and must eventually be met.

Some 140,000 visits were made to hospitalized war veterans in 1968 by Red Cross volunteers.

Recreation News

Mr. John Albizzati, secretary-treasurer of the Crows Nest Consolidated School District, has announced school policy governing the use of school buses.

School buses are available for extra curricular activities as follows:

—20c a mile from the point of which the bus picks up passengers and then returns them (point of pick up to point of return).

—\$2.25 per hour, remuneration to bus drivers from the point of departure of the bus from the garage to the return of the bus back to the garage.

—The buses can only carry people of school age along with supervisory staff.

—School bus drivers will have first priority to drive buses, after which time only drivers with qualified A plus licenses may be approached to drive. The Recreation Office will maintain a current list of qualified drivers.

The present permit held by the School Board for use of school buses expires June 30th, after which time the board will re-apply for a current permit.

One way of contacting the Recreation Board so that you may air your views, is through your representative to the board. The following are members of the board:

Bellevue, Godfrey Hungar and Harry Jepson.
Hillcrest, John Chomyn.
Frank, Wilf Milburn.
Blairmore, George Wait (vice-chairman), and Gordon Ulrich.
Coleman, Fred MacLeod (secretary).

East Coleman, Albert Kropinak.
School Board, Veno Pozzi and Grant Hall (chairman).

Watch this paper for more news and views on Recreation for the Pass.

letter
from your
editor

You'll have to agree, this is a switch — me writing an open letter to you, but I need your help. The annual JUNIOR CITIZEN OF THE YEAR program is about to get underway and I want you to tell me about a boy or girl, or a group of young people, between the ages of 6 and 16, who you feel are deserving of recognition as a 1969 ALBERTA JUNIOR CITIZEN.

There are young people in your own community, who under difficult

circumstances or during an illness have displayed exceptional qualities of responsibility, resourcefulness and leadership. It might not be as dramatic as saving a person's life — perhaps the young person you know has exhibited an unusual sense of responsibility in assuming home or community duties. Whatever, these young people deserve your support. Recognize their deeds by nominating them for an Alberta Junior Citizens award. It will only take a few minutes to call me, come in and see me or fill out the coupon below. I'll be looking forward to hearing from you soon.

The Alberta Junior Citizen of the Year award is presented annually by this newspaper and Alberta's investor-owned public utility companies. NOMINATIONS CLOSE JULY 31.

To: Editor of:
The young person or group of young persons I believe should receive an award is:

Child Safety Week, May 4 - 10, 1969

Canada's high and rising level of accidental child fatalities and injuries is a black mark on the country's record, the Canada Safety Council says.

The Council's national Child Safety Week campaign running from May 4 to 10 is aimed at parents who can prevent a majority of these by proper supervision and child safety education.

World Health Organization statistics show that Canada's rate of accidents suffered by children under the age of one and between the ages of five and nine is the highest of all developed countries. Only Japan has a higher accident rate for children between the ages of one and four.

The latest Canadian statistics show that 2106 children under the age of 15 died from accidents in 1967. Canadian health authorities estimate that 500,000 Canadian children suffer accidents of all kinds every year.

Accidents kill or cripple more children than all diseases combined. The leading killers are traffic accidents, suffocation, drownings, and explosions and fires, in that order.

Census figures show children under the age of 15 make up 33 per cent of the population. Yet more than 40 per cent of pedestrians killed in traffic accidents are children.

Next to traffic, the home claims the most fatalities and even more injuries.

These comparisons and statistics illustrate the scope of the problem. The Canada Safety Council says recognition that this loss of Canada's most precious assets was largely preventable is needed to bring home the full gravity of the child accident situation.

The extent of parent responsibility for a great number of these accidents is confirmed by statistics showing the most dangerous ages for child accidents are at two and three and the worst times of day are in the late afternoon and

evening.

"Oh, it couldn't happen to my child," is the all-too-common reaction of parents to reports of accidental child fatalities and injuries the Canada Safety Council says. Vigilance by parents must be unceasing to prevent lots from being struck by cars while playing and traffic safety education must be taught early and often. To make the home safer, the Council says the basic question parents should ask themselves is "what changes would I need to make if I were going to leave my child alone here for an hour?"

Spring Clean-up News

(By A. E. Bridges, Alberta Fire Commissioner)

The Fire Commissioner offers every possible assistance to Chambers of Commerce for the annual spring clean-up community project.

Our field staff will give special attention to the following matters:

1. Conduct town and village fire inspections giving special attention to building exterior and yard conditions such as dry grass and combustibles near or against wood frame structures.
2. Recommend or order removal of unused or dilapidated frame structures so situated that fire involving them could endanger adjacent property.
3. Consult with municipal council members on ways and means to include fire department activity with spring clean-up, paint up and beautification factors, such as:
 - (a) home yard cleaning and home fire inspections;
 - (b) pick-up day to cart away combustibles & yard trimmings.
4. Provision of educational fire films and speakers for committee meetings or working groups.
5. Publicity releases on methods of control of spring season fire hazards.

In recent discussions with Mr. A. D. Hickey, Alberta Manager of the Canadian Chamber of Commerce, it was agreed to recommend that clean-up week or special days should be scheduled by communities as soon as possible with a view to having all projects finalized before May 17, 18 and 19 long week-end.

"Special Cases Committee" Division Of Instruction

Students, their teachers, principals or parents, who feel a student's educational future is jeopardized by scholastic regulations, or who feels his school career needs readjustment, may appeal to the "Special Cases Committee" of the Division of Instruction of the Alberta Department of Education.

The "Special Cases Committee", composed of three officials from the Department of Education, reviews all written requests from Alberta students of all categories who wish to have their scholastic records checked, particularly if they feel they have been denied acceptance to an educational institution or specific student course. Acting as an "ombudsman" for the student, the committee may review such cases as: students who are unable to attend high school or university because of their record, that is falling just short of requirements, for example, students who may write four good papers and fall short on the fifth may request review of the fourth exam; students who think the examination papers did not measure their scholastic potential, and students who may not be able to write exams because of being handicapped, and are deserving of special assistance. Students who fall short of regulations to post-secondary institutions are automatically reviewed.

In one case, a student who was only able to take a vacation at exam time, had the "Special Cases Committee" work out a plan whereby the captain of the ship on which he was a passenger, gave him the exam.

All requests for assistance and review of scholastic records are quickly and carefully looked after by the three - member education committee.

High Blood Pressure— A Danger?

Whether or not high blood pressure is a dangerous condition depends on many factors, especially the cause, says The Canadian Medical Association. For example, certain cases of severe high blood pressure, are due to tumors of the adrenal gland. With the removal of the tumor, the blood pressure returns to normal. Certain abnormalities of the heart or major blood vessels can be the cause of hypertension, and with correction of these conditions, by surgery, for instance, the blood pressure in many cases returns to normal.

If the high blood pressure is due to severe and chronic kidney disease, the outlook is not so good.

In other words, in some cases high blood pressure is not a disease in itself but a symptom of some underlying condition. All cases of hypertension have to be considered individually. Complete physical examination must be carried out, with any necessary diagnostic procedures such as electrocardiograms, x-ray for heart size, and kidney examination. Only after a complete assessment of the individual case can the doctors make a definite diagnosis, prescribe proper forms of treatment and make a reasonable prognosis or outlook for that particular case.

Douglas Fir is not a true fir.

Deaths By Fire— Cured

(By A. E. Bridges, Alberta Fire Commissioner)

The Fire Commissioner wishes to give public notice of a dramatic reduction in loss of life from fire so far in 1969. If this trend could continue bearing witness to increased knowledge and care on the part of Albertans, we could have the lowest fire death loss in many years. Up to this time, nine deaths have resulted from fire, comprising of five men and four women. It is noteworthy also that no children are listed as fire victims.

But here a word of warning may be timely. Warm spring weather means increased freedom. Children may quickly wander away and their curiosity may lead them to play with fire. Hence, extra care is necessary to keep matches away from children and to give constant thought to their whereabouts and activities.

The Modern Chicken

Scientists and farmers have done some dramatic things with poultry in the past 40 years.

Broiler chickens are now 3.5 lbs. when they are eight weeks old, compared to the 1928 average of 1.1 lbs. They convert 2.2 lbs. of feed or less into a pound of meat compared to 4.2 pounds of feed in 1928.

Old fashioned hens used to lay 142 eggs a year. Now they lay 290 eggs a year. In 1928 they ate 7.3 lbs. of feed to produce a dozen eggs; now they eat 3.5 lbs. of feed per dozen.

What's in store for the next 40 years?

Card of Thanks

I wish to thank Dr. Aiello the nurses and staff of the C. N. P. hospital and those who sent cards, flowers or gifts or visited me while I was a patient.

Mr. Tony Gianiorio.

Neater and More Attractive Place in
which to live. THANK YOU!

Clean-Up! Paint-Up!

Town of Coleman

The Council of the Town of Coleman is hereby
authorized under By-Law 365 to:

- (a) Prevent and compel the abatement of nuisances generally, and regulate untidy and unsightly premises.
- (b) Make orders to remedy such conditions, or to demolish and remove any unoccupied building, structure, or erection, if in their opinion the structure or erection, is, by reason of its ruinous or dilapidated condition dangerous to the Public safety or health.
- (c) Provide for the eradication of dandelions and noxious weeds or plants and the cutting of grass on public or private property.
- (d) Provide for the removal or pruning of trees or shrubs on private property or otherwise, that in any way interfere with or endanger the lines, poles, conduits, pipes, sewers or other works of the Town.
- (e) Prohibit, eliminate or abate noise.
